**Please note: Rates were calculated using population estimates from the Nevada State Demographer. Interim 2008 Population Estimates were used to calculate 2009 rates. The 2007 and 2008 Interim Population Estimates are based on the 2007 and 2008 Total Population Estimates provided in March 2008 and 2009, respectively and 2005 Population Estimate Breakdowns. They were updated in July 2008 and 2009 by the Nevada State Health Division, Bureau of Health Statistics, Planning, and Emergency Response.
